

Boardmaker 7

Subscription for Organizations

Take on the world with the most powerful special education software for learning and communication available on Windows, Mac, and Chromebook. Over 45,000 Picture Communication Symbols® (PCS), hundreds of print and interactive activities, and so much more!

Boardmaker 7 subscription includes:

Boardmaker 7 Editor App

- Intuitive, modern, user-tested interface with built-in PDF printing plus local and cloud storage
- Import, edit, print and play files from older versions of Boardmaker software
- Increase efficiency with features like edit in place, creative templates, and built-in web search
- Stay up-to-date with automatic software updates and new PCS every 2 weeks

Boardmaker 7 Student Center App

- Personalized, fully accessible instruction anywhere, anytime (even offline!)
- Access free content, and any activities assigned to students
- Student's custom accessibility settings are instantly in effect the moment they log in

Curriculum

- Access to 40 units of completely customizable Activities-to-Go: editable, printable, leveled curriculum for students in K-12
- Additional curriculum programs with over 140 step-by-step lesson plans, thousands of activities and more than 300 printable and accessible books

myBoardmaker

- Manage your subscription, assign activities to students and monitor their progress online
- Gain access to additional content including curriculum programs and the Boardmaker Community

Why Boardmaker 7 Organization?

Cost savings through customized packages, volume discounting and product bundles to help meet needs for both remote and in-person learning.

Remote learning is built-in with the free, deployable Boardmaker 7 Student Center.

Expanded fully accessible and leveled curriculum with thousands of research-based and ready-made activities.

Progress monitoring to support IEP documentation and align to local and national standards. Boardmaker fully complies with HIPAA and FERPA.

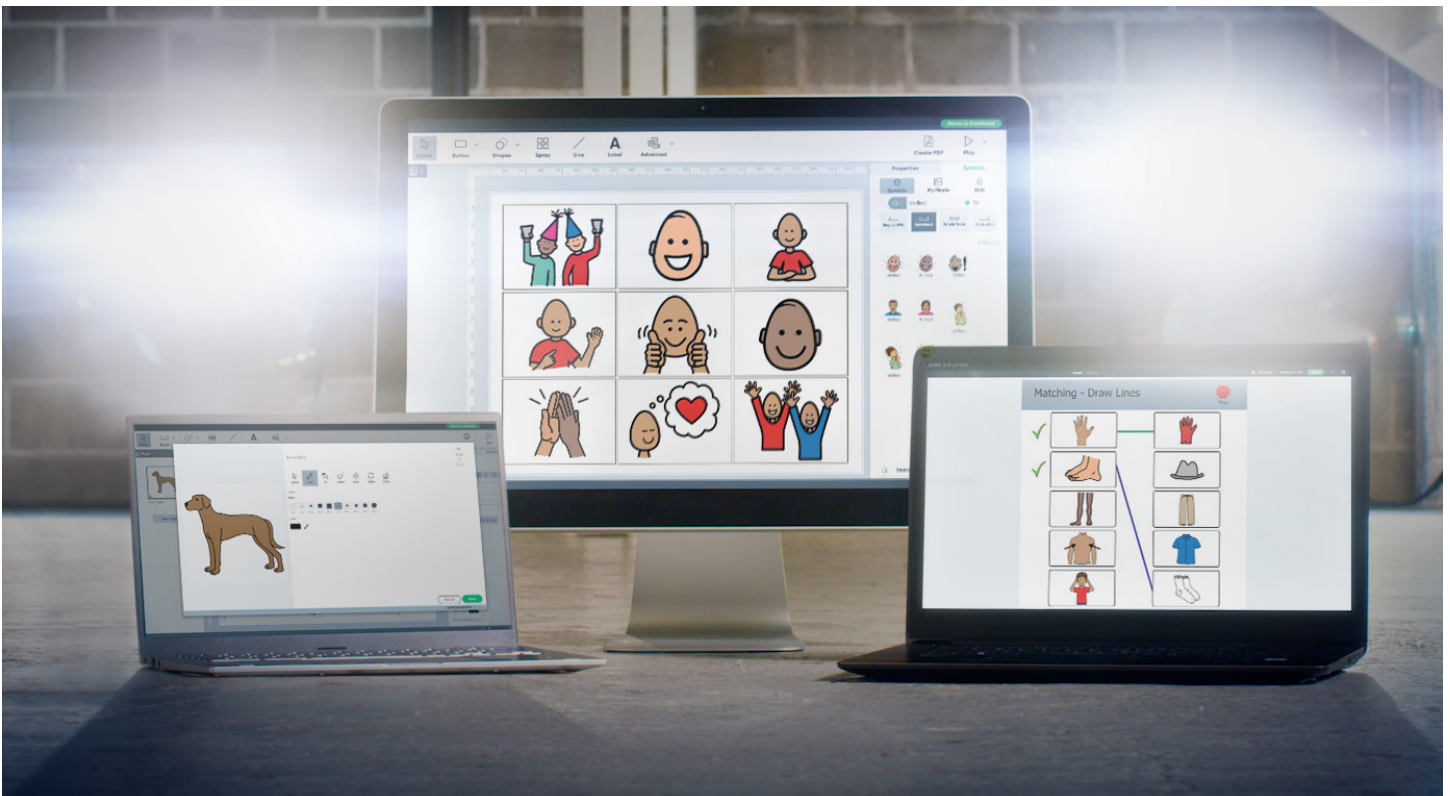

Over 45,000 diverse symbols available in many distinct styles designed to represent any user.

Direct support of your students who utilize AAC with a low-cost option to add Snap Core First featuring PCS.

Continuing education available from our world class Learning Team for your staff, whatever your budget.

Usage monitoring empowers administrators with immediate access to staff usage.

Dedicated Account Manager is a trusted advisor to support you and your district throughout your Boardmaker experience. Our Account Managers are there to guide you through the latest updates, newest resources, and provide ongoing support.
