

Coronavirus Communication Support Materials

To help educators, parents, and learners during this time of need, the Tobii Dynavox team has created and gathered free coronavirus support materials.

Core First Learning and Picture Communication Symbols (PCS®) are the foundation of our resources. Core First Learning is designed to teach communicators how to find, use, and read core words, which comprise 80% of our vocabulary. PCS® are the symbols that are consistently used in all resources to facilitate learning.

A resource overview is below. Please contact your Tobii Dynavox Account Manager to chat about how we can support you in getting the most out of these great tools. Find us at www.tobiidynavox.com/find-us

Boardmaker Activities-to-Go

Program Overview: A free collection of leveled thematic units featuring PCS®. In addition to books, each unit includes games, communication boards, behaviour supports, and more.

Resource Download (UK): <https://www.mytobiidynavox.com/Support/COVID-19-Downloads>

Core First Learning

Program Overview: 36 weeks of curriculum teaching communicators how to find, use and read core words. Filled with lesson plans, 108 books, communication board and activities.
