

Teach Using Boardmaker Activities-to-Go

As we continue to navigate home learning, you may have a hard time finding activities that explore a specific topic for your learners to complete at home. We are here to help.

Boardmaker Activities-to-Go offers 10 different topics, or units, each with a full week of content that is ready to use.

How can Activities-to-Go help you? Each unit includes books, vocabulary activities, games, and a recipe or craft to keep you and your learner busy and engaged. For example, dive into the Food Choice unit and learn about choosing healthy foods. Explore books, learning new vocabulary, use the healthy food reward chart, and even make a healthy snack with your learner. Getting started is easy. Choose any unit or topic. Print the materials and use the Teacher Guide to help you navigate the activities.

This video and tutorial demonstrate how to access the lessons in Boardmaker Activities-to-Go.
