

# Where, Oh Where?

Where, oh where, has our little dog  
gone?

Where, oh where, can she be?

She has ears so short and a tail so long,

where, oh where, can she be?

She once was in the neighbour's  
garden.

She was running around.

Where, oh where, has our little dog  
gone?

**Why, look, over there! She's found!**
